

Professional Grip Knife

110521 30040133

The best utility knife for removing old grips, plastic collars, etc. The compound configuration positions the hand at the correct angle over the work. This allows firm and precise control of the blade while cutting, especially when pushing away from the body to prevent injury.

Replacement Blades Available

SP-G0706-02S-1U
Straight blade, pack of 10

30084592
