

SHAFT VISE

This is the ideal shaft clamping vise. Suitable for trimming, gripping and other repairs that require a third hand!. Powerful 500 Lbs lever action toggle clamp and vulcanized rubber jaws. Good for tips and butts. Hooks up in bench vise.

Rapid action vise secures any shaft in a protective rubber clamp with a flip of the wrist.

Special base permits device to be bolted to workbench or secured in a bench vise.

Adjustable clamping pressure, durable, heavy-duty machined parts; an excellent vise especially suited to fast gripping in a volume shop.
