## Elastomer

The perfect material for grips

Used on every tour around the world, Iomic features Iomax low torque Elastomer. Independently proven to twist less during the swing, it helps golfers of all abilities to hit straighter, longer shots. Delivering exceptional traction in all conditions, your grips change from wet to sticky with the wipe of a towel.

- 100% waterproof
- UV resistant
- Exceptional traction
- Tour proven

"Play your best, regardless of the weather."
