

Sizing "How to determine your JumboMax Grip Size"

Use the golf glove cross-reference chart below to help you select the best size JumboMax Grip for you.

Men who wear a medium-large or large glove will find our Medium Grip to be a comfortable fit. Men who wear a medium glove should try our Small or Xtra-Small (Junior) size grip. Small or Medium-Cadet glove try our Standard Oversize or Xtra-Small size.

Most women will do well with our Xtra-Small size up to our Medium grip.

Golfers with long fingers, large hands or trouble gripping would benefit from a Large or XL grips.

Std Oversize (SO +1/16) is our newest grip size, designed for golfers who are comfortable with a standard mid-size or our competitor's oversized grip, who want something just a little bit oversized and are more comfortable holding the grip in their fingers.

JumboMax Grips are larger than any other golf grips on the market, but our Finger-Palm™ technology is why they outperform standard grips. Sizes shown are recommendations but it's all about personal comfort.

If you are unsure, order a trial kit or contact us at +46 703 1905 96
